## **REAR FUSELAGE SKIN**

- \*OPTIION\* Layout the aft baggage door area on the LH, "E" side skin between sta. #8 & #9.
- \*OPTION\* Build baggage door as shown on T51-03-INS-0977.
- While both "E" skins (MF03-155) are in place mark holes for the aft push tube (T51-06-INS-1406) \*\*DO NOT INSTALL PUSH TUBE UNTIL TAILWHEEL ENCLOSURE IS INSTALLED\*\*
- Install tailwheel, followed by the limit switch brackets & switches.
- Tailwheel doors should be constructed while belly skins & bottom aft "K" skins are in place. Fwd "K" skins should be installed after doors have been fit & in place.
